THEME

Higher Education is an important sector for the growth and expansion of human resources including skilled manpower that can take the responsibility for social, economic and scientific development of the Nation. The vision of higher education in India is to utilize the Nation's human resources to its fullest extent with equity and inclusion. This essentially implies the need to provide greater opportunities of access to higher education with equity to all eligible, and in particular, to the downtrodden section of the society. Special aim has been targeted at the expansion of access by supporting existing and newly establishing higher education organizations. Encouragements should be initiated towards new policies and programs to strengthen research, innovations and knowledge-based concepts. At the same time, reformation of examination systems, rendering wider scopes to opt for diversified subjects/topics on emerging areas. At the same time, quality assurance remains another area of importance. In the purview of global environmental scenario, necessary measures are being considered keeping greener technologies and its fruits to common people. The proposed concept of the seminar should have harmony with the stipulations of National Assessment and Accreditation Council (NAAC).

OBJECTIVE

The seminar will highlight the several aspects of the present higher education system, in particular for Universities. The interactive discussion will pave the way to come up with decisions that could be disseminated among various higher education centers.

ABSTRACT AND FULL PAPER MAY BE SUBMITTED ON THE FOLLOWING SUB-THEMES

- 1. Role of Higher Education in the perspective of Nation's Development;*
- 2. New Trends in Knowledge-based applications in emerging areas;*
