PHARMTECHNBU NATIONAL SEMINAR - 2020

Department of Pharmaceutical Technology, University of North Bengal (NBU) is going to organize for the very first time a one day national seminar on "Recent Trends in Pharmaceutical Research" on 19th March, 2020. University of North Bengal is a very old and renowned University of West Bengal that was established in the year 1962 with the mission "to encourage and provide for instruction for teaching, training and research in various branches of learning and course of study; to promote advancement and dissemination of knowledge and learning and to extend higher education to meet the growing needs of society."

Department of Pharmaceutical Technology of this University has successfully started its professional course. The department aimed to generate high quality research and researcher through teaching for its journey towards the excellence. Other than its usual activities, the Department is now going to organize a national seminar in 2020.

The seminar helps to gather all the traditional communities and researchers from different universities, institutes and industries and provide them a scientific platform to exchange knowledge, discuss issues, share innovations and network by their research studies and findings. The aim of the seminar is to highlight the recent advancement in the research in the pharmaceutical field. Hence we have the privilege to invite research work for poster presentation from the faculty members, industry participants, research scholars, postgraduate and undergraduate students.

Prof. (Dr.) Pranab Ghosh
Convener
