

## University of North Bengal

### SSL VPN Client Setup manual to access the e-resources of the Library (for Android/ iOS Users)

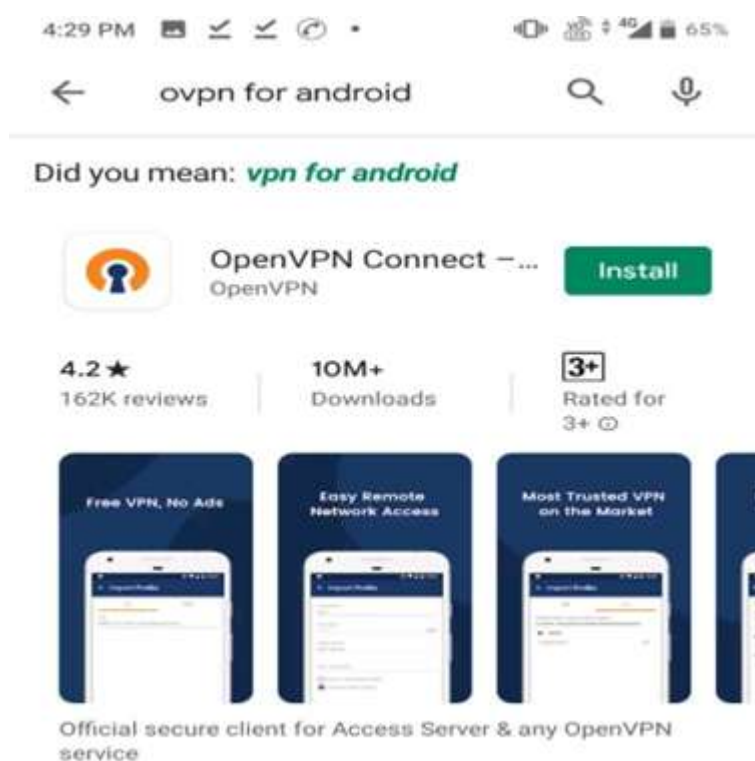

Step 1: Open <https://118.185.209.244:4443> in the browser (preferably Google Chrome or similar) and enter username / password of VPN user

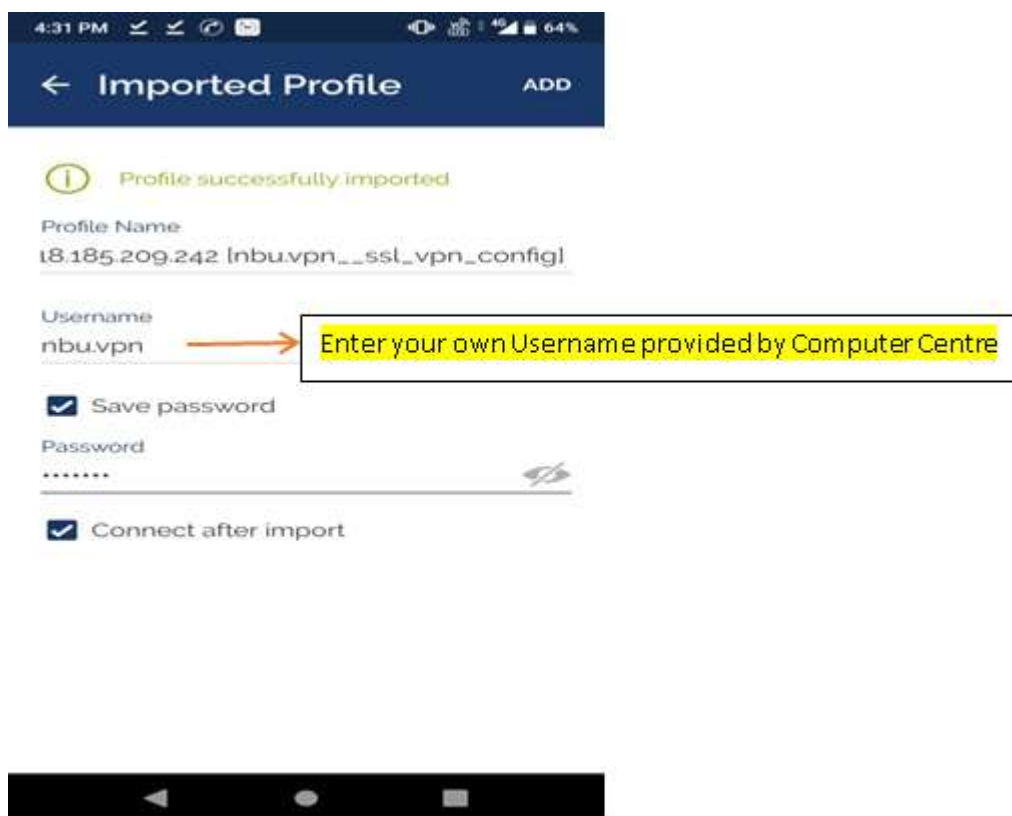

Step 2: On next page click on “**Download VPN Configuration**” and save the ovpn file

**Step 3: Install any Open VPN apps from a Play Store/ App Store to access the ovpn file**

**Step-4: Import the ovpn file (downloaded at Step-2) using Open VPN apps and connect the NBU VPN using authentic user credential.**

**Now the user can browse the e-resources of NBU Library (listed by the Library authority) through his/her web browser.**
